(By Associated Press)

Washington, April 28.—Japanese guards in the district of Nikolaevsk, eastern Siberia, are believed to have been annihilated and several hundred Japanese residents, including the Japanese consul there, were massacred, according to an official statement today.

The Japanese statement said the suspension of communication with the district rendered it impossible to get at the real state of affairs but that it was evident that "a serious upheaval" had taken place.

Efforts of the Japanese to dispatch a military relief expedition have failed because of the ice. Meantime, however, the Japanese have sent out an expedition to Alexandrovsk, accompanied by warships and rescued the Japanese residents in that district.

"She asked me to kill her" Best was quoted as saying.

He even declared that he met Miss Schneider for the first time late Saturday night. He said she begged him to end her life, because she was tired of living and was "simply in the way of others."

(By Associated Press)

Boston, April 28.—The organization slates of republican and democratic candidates for delegates-at-large to the national convention were elected by substantial majorities in yesterday's primary, according to the complete vote today.

The democratic "regulars" were elected by minorities of three and four to one over former Congressman Joseph O'Connell, who made his campaign on an anti-prohibition issue.

Of the 35 republican delegates, including those at large, 29 are unpledged, but several of these have announced their intention to vote for Major General Wood.

## MAYOR URGES HEAVY BUYING OF U.S. STAMPS

Mayor V. J. Dahl today issued a final appeal for the people of this community to buy War Savings Stamps and \$100 Treasury Saving Certificates during the next few days. According to word from the Ohio War Savings Committee Ohioans must buy at least \$1,000,000 worth of government savings securities during the next few days if Ohio is to maintain its lead over New York. That this amount may be obtained Mayor Dahl has been asked to have the citizens of this community buy their respective quota.

The race between Ohio and New York during April has developed into a neck and neck affair, according to word received at the mayor's office. Due to the great drive being made in Ohio more government securities have been sold during the first few weeks of April than during any other like period but New York also has shattered all former records.

The mayor pointed out that \$100 treasury savings certificates may be bought at the postoffice during the next few days for \$83 but after May 1 they will increase in price. These certificates are tax exempt, are equivalent, approximately to a six per cent investment, are readily cashable and always in crease in value. They cannot decrease. The certificates are registered at the time of purchase against loss by fire and theft.

## HARDING HAS AT LEAST 38 DELEGATES

(By Associated Press)

Columbus, O., April 28.—Additional returns late this afternoon from yesterday's primary election in Ohio indicated 38 and possibly 40 of the 48 delegates from Ohio to the republican national convention may be pledged to Senator Harding on first choice.

The same returns, which may be altered in one or two districts upon later advices, showed Wood would have eight and possibly ten of the Ohio delegates.

Returns showed three of the four delegates-at-large apparently elected pledged to Harding and one pledged to Wood.

Harding candidates had no opposition in three districts and appears to have carried 14 districts. Wood candidates were apparently successful in three districts.

In the 19th district, one Wood and one Harding candidate appeared to be leading on available returns.

## CHOICE OF OHIO REPUBLICANS

U. S. SENATOR WARREN G. HARDING.

Late returns from Tuesday's presidential preference primary indicate that Harding's plurality over Major General Leonard Wood will be fully 12,000 and that virtually all Harding delegates to the national convention were elected.

tion in Ohio gave Senator Harding a lead of almost ten thousand votes over Major General Wood.

The vote from 4,677 out of a total of 5,882 precincts in the state gave Harding 102,762, and Wood 92,976.

Returns from 3,691 precincts showed three Harding candidates and one Wood man leading in the race for delegates at large.

Returns indicated that Harding candidates for district delegates had been successful in eleven of the twenty-two districts of the state, while Wood candidates had apparently won in three districts. Five districts were still in doubt and candidates pledged to Harding had no opposition in three districts.

## SENATOR JOHNSON AND HOOVER GET MANY THOUSANDS

(By Associated Press)

Columbus, O., April 28.—Although their names were not printed Johnson received 12,768 votes and Hoover received 8,283 in 340 precincts. Tabulation of the Hoover and Johnson vote was very slow, the other votes superceding them in importance.

The name of Governor Cox of Ohio was the only one on the democratic ballot although the name of McAdoo was written in. All democratic candidates to the national convention are pledged to Cox.

Cuyahoga county gave Wood a plurality of 8,285, Franklin county and Columbus gave Wood a plurality of 2,000; Mahoning county gave Wood a plurality of 250; Stark county gave Wood a plurality of about 1200.

Hamilton county gave Harding a plurality of 1817 over Wood; Lucas county with Toledo, gave him approx-

imately 1800; and Summit county gave him nearly 2500. The available vote from Montgomery county showed a close vote and it was said the official count might be necessary to establish who was in the lead.

A daylight saving ordinance passed by the Cincinnati council was approved by the voters there and will go into effect Sunday.

Columbus voters defeated an \$800,000 bond issue for a downtown victory park in connection with river improvement work.

## MANY VOTERS WRITE NAMES

Cincinnati, O., April 28.—White Senator Harding carried Hamilton county by nearly 2,000 over Wood, politicians here commented on the vote given Hoover and Johnson. Hoover's vote was 3,753 and Johnson's 2,753.

Neck and Neck Race Between Wood and Johnson Indicated As Count Nears End.

Governor Edwards Heads The Democratic "Big Four" Delegation.

(By Associated Press)

Newark, N. J., April 28.—Major General Wood was still leading Senator Johnson of California this afternoon in New Jersey's primary contest. Governor Edwards was elected head of the Democratic "big four."

This afternoon revised returns from 1850 districts out of 2,025 gave Wood 49,770 and Johnson 49,237.

Complete returns from the 12th district showed Johnson now had six district delegates as compared to Wood's four. In the only district in which Harding's name appeared both Johnson and Wood candidates far outstripped him.

(By Associated Press)

Newark, N. J., April 28.—Major General Wood was leading Senator Johnson by 332 votes in the New Jersey preferential presidential primary at 11 o'clock today. Returns from 1,832 out of 2,025 districts gave Wood 49,374, and Johnson 49,042.

Election of three members of the republican "big four" was assured. United States Senators Edge and Frelighysen were pledged to the presidential preference expressed by the voters and they were ahead of all their opponents, while former Governor Stokes, pledged to Wood, obtained third place.

Former acting Governor Runyon, pledged to Wood, was leading for fourth place. Returns for district delegates were incomplete.

Organization Candidates In Massachusetts Win by Good Majorities.

29 of 35 Republican Delegates Unpledged

(By Associated Press)

Boston, April 28.—The organization slates of republican and democratic candidates for delegates-at-large to the national convention were elected by substantial majorities in yesterday's primary, according to the complete vote today.

Senator Lodge led the republican big four, who headed the ballot as a group. He was followed in the order named by Speaker Gillette of the National House of Representatives, former Senator William M. Crane and Edward Thurston, former chairman of the Republican State Committee.

The democratic "regulars" were elected by minorities of three and four to one over former Congressman Joseph O'Connell, who made his campaign on an anti-prohibition issue.

Of the 35 republican delegates, including those at large, 29 are unpledged, but several of these have announced their intention to vote for Major General Wood.

Two are pledged to Wood and four were described on the ballot as favorable to him. The entire democratic delegation is unpledged.

# LOS ANGELES WOMAN GRATEFUL TO TANLAC

**Mrs. M. E. Proctor Says Her Complete Recovery After So Many Years of Suffering Seems Too Good To Be True—Was Invalid for Years.**

"I am so grateful for what Tanlac has done for me that I want to tell the whole world about it," said Mrs. M. E. Proctor, of 117 W. First St., Los Angeles, Calif., when speaking of the splendid results she had obtained from the medicine. "To think that I should have suffered for so many years, and spent hundreds of dollars in vain efforts to get relief and then find complete relief after taking only four bottles of Tanlac, seems too good to be true."

"Yes, indeed; for years and years I suffered terribly from stomach trouble. Everything I ate seemed to form gas and so affected my heart and breathing that I would have palpitation and would turn purple in the face in my efforts to get my breath. These attacks caused me intense suffering and were so bad that I was frequently confined to my bed and would have to be attended by some member of the family for fear I should succumb during one of the attacks."

"I got awfully thin and was so weak that I had to give up all household duties. I often went for two weeks at a time without getting a good night's sleep and as a consequence became very nervous and low-spirited. In fact, I was a confirmed invalid and my friends did not expect me to live very long."

"I sat reading the paper one evening when my eye caught the name of Tanlac."

MRS. M. E. PROCTOR,  
of Los Angeles, California.

ment of a lady who had suffered with similar trouble to my own and telling how she had been wonderfully helped by Tanlac, lent for a bottle and started taking it and the results have been most surprising."

"My appetite is splendid now and I can eat most anything with out any distress afterward. The gas has stopped forming and I no longer have palpitation or that smothering feeling. I sleep sound all night long and get up feeling rested. I am in better health today than I have been for forty years and I feel years younger."

"I don't believe there ever was as good a medicine made as Tanlac."

## MERCHANTS SET DATE FOR SECOND BIG DOLLAR DAY

Washington merchants are planning another big Dollar Day and have set the date for Tuesday, May 11—a week from next Tuesday.

Last year, on July 29, the merchants of the city conducted in concert a Dollar Day which proved to be the most gigantic salesday in the history of the city—beyond, in fact, the most sanguine expectations of the merchants, who were in many instances sorely pressed to supply merchandise to the crowds who continued to throng the city throughout the day.

"This time it will be different, guided by the response of last year, they are making ready for the onslaught with an inexhaustible list of dollar bargains, dollar discounts and Dollar Day specials."

In many instances merchandise worth more than a dollar will be offered for a dollar in others, dollar discounts will be made; and where these plans are inconvenient, special inducements of various kinds will be offered for Dollar Day only.

The thousands of persons who took advantage of the Dollar Day sales last year were as well pleased with the savings they effected as were merchants, who counted their profits in the vast bulk of sales, the cash income and the opportunity of getting acquainted with many new prospective customers.

The Herald issues of May 7 and May 10 will carry advertisements of merchants offering Dollar Day inducements.

## ONE FAIR GRADUATE IN JEFFERSONVILLE 1920 SENIOR CLASS

Featured as the strangest class that ever graduated from a high school in Fayette county the 1920 class of Jeffersonville High will go down on the records with that distinction. The class roll contains ten names with nine boys and one girl.

The graduates will be Clarabel Smith, Elmer Simler, Grayson Kirk, Ross Glaze, Ansel Creamer, Roland Bucher, Leonard Miller, Robert Tador Roy Erich, and Charles Kessler.

It is the second instance this year where the boys have outnumbered the girls; the same situation occurs in Washington High School but the fact that Jeffersonville has but the one fair graduate has caused discussion in school circles all over the county.

The Baccalaureate sermon will be delivered on Sunday evening, May 23rd, and Commencement, with its presentation of diplomas, will take place in Jefferson Hall, Wednesday evening, May 26th.

On the same evening as Commencement the Senior Class will present the class play, "Weeping Willow." Superintendent of the Jeffersonville schools R. A. Correll will deliver the class address and present the diplomas following the presentation of the play.

Last day of school at Jeffersonville is set for May 21st, all other Jefferson township schools will close on Friday, April 23rd.

## USE KILLO FOR REAL CLEANLINESS

There's health in cleanliness. That is why every housekeeper is so diligent these days in cleaning up everything. But her best efforts are sometimes thwarted by the persistence of germs and insects which are not killed by soap and water. Then Killo is needed. Killo is a household disinfectant and insect exterminator. Germs, ants, bugs, roaches, moths, etc., cannot live when Killo is used. A little of the powder in dark closets, in sinks and drains, cellars and other such places is not only health insurance, but a sure riddance to household pests.

## FELT LIKE KNIFE WAS BEING STUCK INTO MY BACK

Sandusky man suffered agonies from lumbago, backache, kidney trouble, and rheumatism.

Nothing helped him until he got Drecto, the great root and herb medicine.

"If some one had stuck a knife into my back, it would not have hurt any more than my back and side did from lumbago and rheumatism," said Mr. John Rider of Cottage A, Soldier's Home, Sandusky, O.

"Only those who have this trouble realize my feelings, for you have to go through it to know what the suffering is like. I was in misery all the time and when I would lie down could hardly turn over and when I'd get in a chair I'd hate to get up on account of the pains. My sleep was badly broken and I was getting weak. My stomach was in a very weakened condition from the strong medicine I took for my rheumatism. I was taking two kinds of medicine for rheumatism when I read of Drecto and put both aside for this new medicine. Drecto proved in a few days that it was real medicine for I soon saw the effects. My pains got easy, my sleep became sound, the backache passed away and I could get up and down without pain, my stomach got better and my food now agrees with me. I'm still taking Drecto for I want to give it a fair chance to get me absolutely right again and I feel it can do this."

Any remedy that restores the natural functions of the human body is a health-making remedy. The use of Drecto, the great herb medicine, tends to restore the appetite, to procure natural digestion, which is followed by an increased circulation and nutrition of the whole body. Lean, haggard, bloodless people begin to gain weight, strength and flesh at once from taking Drecto, as they themselves declare in signed testimonials.

All good druggists now sell Drecto and it is being specially introduced in this city by

## 'Y. W.' ORGANIZED AT BIG MEETING TUESDAY NIGHT

High School Auditorium Filled With Enthusiastic Crowd of Members and Friends.

Eight Hundred Members Reported, Board of Directors Chosen — \$4400 Raised.

The Y. W. C. A. organization meeting at the high school auditorium Tuesday night brought a large crowd of members and friends together. The first part of the evening was given over to gaiety and fun and the business taken up at the close.

While the crowd was gathering two groups of Girl Reserves—clubs of younger girls just organized—kept the air filled with their songs and cheers. They marched down the aisle in a body, with their Girl Reserve banners and from their seats in front enlivened the meeting with songs and cheers at intervals throughout the evening. The meeting opened with a program of stunts given by the high school girls under the direction of Mrs. Coffman and much gratitude is felt by the Y. W. C. A. for the help of Mrs. Coffman and the girls in making this part of the evening interesting. The stage was decorated with large blue triangle with flags of various nations behind the triangle.

Miss Laura Brownell announced the program.

1. Geography class with girls in costume from various countries gave a clever take off names of cities and states.

Italy, Holland, Poland, China, Russia, France, Belgium, Roumania and Czechoslovakia and America were represented.

2. A jazz duet by Spanish Cavaliers.

3. Readings from literature—"The Purple Cow"—Parodies on quotations from Shelley, Gray, Riley, Keats and Poe.

4. Song—Maid of Lee—Eight girls in costume, bonnets and aprons.

5. A heart rending play—"An Esquimo Tragedy." The stage scenery was set up before the audience with girls representing, potted plants, footlights, etc. The characters of the play were—an Esquimo lover, an esquimo maid, the villain, and the dog.

6. A row of "small boys" behind a wall sang "A Little Peach in the Orchard Grew" and closed by falling from the wall.

The program closed with singing and yells by the high school girls.

The serious part of the meeting was next taken up. Mrs. Willis, provisional chairman opened the business session with a short devotional and then introduced Miss Laura Jones, field secretary and organizer, who presided for the remainder of the meeting. She gave a short talk on "What the Y. W. C. A. Is." It is not a class, nor a club, nor a boarding home, nor a gymnasium; neither is it all of these put together. But it is the girls and women who make it what it is, and who work out its purpose.

Mrs. A. E. Hopkins reported the result of the finance campaign \$4,400 raised.

Miss Myrtle McCoy, membership, 800 members.

Mrs. Frank Stutson, chairman of constitution committee read the constitution, and it was adopted by the members article by article.

Dr. Lucy Pine then reported for the nominating committee the following persons for board of directors:

Mrs. Herbert Brownell, Mrs. A. E. Hopkins, Mrs. W. H. Lipsett; Mrs. F. L. Fraser, Miss Myrtle McCoy, Miss Vera Veail, Miss Dorothy Fullerton, Mrs. Carrie B. Willis, Miss Lulu Rowan, Miss Helen Alden, Miss Mary Robinson, Miss Mabel Jones, Mrs. Ella Campbell, Miss Edith Gardner, Miss Mary Craig, Mrs. Ed Pitt, Mrs. Geo. Hitchcock.

These were unanimously elected and Miss Jones then closed the meeting with a message from Miss Anna Seaburg, national town secretary, who came to Washington C. H., for the organization meeting but was ill and unable to be present.

The first meeting of the board of directors was held at the Y. W. C. A. Wednesday afternoon at 3:30.

## Ohio's Vote

Reports on the result of the balloting on Tuesday, in the republican primary elections, were, as usual, late in coming in. On Wednesday morning not half of the election precincts in the state had reported results of the election.

The vote though, comparatively, heavy for a primary election was not after all much more than one-fourth of the normal total vote, the ballots were all short and easily counted out and yet Ohio, with its network of good roads and railroads and traction lines as well as its great web of telephone and telegraph lines and its dense population, was as slow or slower in reporting by precincts as in the old days when "the faithful ones" who officered the polling places, were compelled to walk or ride over mud roads and across fields to the county seats with their tally sheet copies.

Again we are forcefully reminded of the need for some legislation to compel those whose duty it is to count and tabulate the vote to get their reports in on time. Ohio is behind—woefully behind—the nation in its election machinery.

In this connection it is not out of place to congratulate Fayette county on its promptness. On Tuesday night by nine-thirty our home county was in with its complete vote counted and reported over the wires of the Associated Press. For three years now Fayette county has been the first county to report.

The reporting organization is a purely voluntary one and too much cannot be said in compliment of the men who make their reports.

## The Other Fellow's Worries

A few days ago some very learned individuals whose place of abode has been east either by choice or by chance in an industrial section of the country came forward with a new solution for the farmer's labor troubles.

According to these wise men the farmer need experience no difficulty at all in securing all the labor wanted on the farm. All that was necessary to be done to stop the exodus to the city and even bring men from the cities to the farms was for the farmer to pay the same wage scale and offer the same inducements as the employers in the industrial centers were offering.

People in touch with the rural district life and conditions will not be quick to urge upon the farmer the adoption of such a remedy. We imagine that the average farmer would have some financial trouble, at present prices of farm products in adopting an eight hour day and a five and one-half day week, pay and a half for all over time at a rate of from three to seven dollars a day and keep employed all the year round the number of hands necessary to put in the crops the first days of spring and to do the harvest work in July and September.

The fact that business men seriously offer any suggestion shows how little they appreciate the farmer's dilemma or the menace it carries for them as well as the farmers. It shows too how little attention so many people are giving to the welfare of their neighbor, how little they realize that we all depend on each other.

## Numerous Investigations

Congress, up to date, has conducted sixty-one "major" investigations and as a part of those investigations, by personally supervised and issued propaganda reports and unsolicited publicity has done its full part in contributing to the newspaper shortage and yet, with it all there has not been one prosecution or conviction.

The investigations, however, may be written down as highly successful. That is they served the primary purpose in affording an opportunity for ambitious legislators to be in review before the public.

The opinion of the people generally, however, is not by any means as favorable as the investigators would like it. In conducting these numerous investigations the congressmen did not take into account the passing of the old conditions when people were not so persistent in their demands for results and were content with noisy demonstrations, when political thunder answered, for vote getting, the same purpose as the real storm of righteous official wrath.

Some of the members of Congress, judging from recent performances, have not even yet realized that these numerous investigations and sensational exposures, not followed by action, have aroused the people to a more keen appreciation of the incompetence of Congress. Worse than that, too, they have emboldened the wrong doer by evidencing to him that nothing more harmful than exposure by a congressional investigation, for which few people have any respect, need be feared at the hands of the legislators.

## POETRY FOR TODAY

A HAPPY CHARACTER

How happy is he born and taught  
That serveth not another's will,  
Whose armor is his honest thought,  
And simple truth his utmost skill.  
Whose passions not his masters are,  
Whose soul is still prepared for death

Untied into the world by care  
Of public fame or private breath,  
Who envies none that chance doth  
raise,

Nor vice hath ever understood,  
How deepest wounds are given by  
praise,  
Nor rules of state, but rules of  
good.

This man is freed from servile hands,  
Of hope to rise, or fear to fall;  
Lord of himself, though not of lands,  
And having nothing, yet hath all.  
—Sir Henry Wotton (1530)

## WHY BE DULL AND LAUID THIS SPRING?

"Spring Fever" is Natural, But Not  
Necessary—It's Due to  
Sluggish Blood

KEEP FEELING YOUR HAPPIEST

Purify and Tone Up Your Blood With  
That Famous Tonic, Pepto-  
Mangan

Do you seem unable to do any work  
to concentrate, to take any interest in  
things, during the wonderful Spring

account"?

Nothing is really the matter except  
that as happens every Spring your  
blood is clogged—it is sluggish with  
poisons from its long Winter fight.

In time, your blood will probably ad-  
just itself. But meanwhile you fret  
and worry, feel unhappy—and accom-  
plish nothing. Why do it, when it is  
easy to clear up your blood by taking  
Pepto-Mangan for a while? For thirty  
years doctors have been recommend-  
ing this effective and agreeable tonic  
to purify and build up the blood of  
run-down, listless people.

Feel your best. Have a fine color,  
and spring in your step. Be vigorous,  
happy, red-blooded. Get a bottle of  
Pepto-Mangan today. The nearest  
druggist has it, and in either liquid or  
tablet form, just as you prefer. There's  
no difference in medicinal value.

But be sure you get the genuine  
Gude's Pepto-Mangan. Ask for it by  
that name—"Gude's Pepto-Mangan"—  
and be sure the full name is on the  
package.—Advertisement.

## RANDOM NOTES

### SOCIAL : PERSONAL MENTION : CLUBS

The final achievement of the business woman who dresses correctly for her business hours, is the fresh, crisp appearance she manages to retain despite heat, dust and hurry. Such a woman knows that nothing contributes to that end like a coiffure which may grow even more charming with slight disarray, a frock that simply could not look wilted or deflated, and the light cooling touch of a harmless powder as applied after an ablution.

One can be conspicuous by being too inconspicuous. The "Vamps" of the cinema have added testimony to this. The vamp's ruffles, frilleries, and fronzies are conspicuous by their absence. The vamp drapes herself in dark, clinging things, as a rule, and smoothes her hair close to her head. Too, who is there who has not noticed the woman at the summer hotel, whose stiff, unbecoming silhouette her against a back-

ground of laces and fabrics of riotous colors? This drab, or the too studiously dignified business woman is more conspicuous than the woman whose trappings are in harmony with the glow in her eyes, the sunlight that streams into an architecturally nice office, or the high polish of a mahogany desk.

This spring brings the crisp taffetas back to us again, and only yesterday we saw a swift-fingered, calm-eyed girl sitting in an office, with the sunlight coming through the window making a halo for her well-poised head, and we found her none the less dignified, and no whit less efficient looking because there was a soft wave in the hair that fell loosely about her ears, or because her dark simply made frock happened to be of taffeta instead of sack-cloth.

The bit of lace at her throat did not interfere in the least with her shorthand pad and her pencil, and we were sure at the moment that the brusque man who was dictating to her was soothed, perhaps unconsciously, by the quiet beauty of his surroundings, of which she was a part and we could not for the life of us see any more reason why that man should have chosen a drab stenographer, than that he should have chosen a colorless rug, or a sunless office.

To forestall arguments of condemnation, we might affix to the about as a sort of epilogue, the statement that we are NOT encouraging the business girl to wear party or afternoon dresses to her office or shop nor are we defending the lipstick-girl whose business rig would prohibit a cinema drawing room, or the backstage of a musical comedy.—Fashionable Dress.

## FAYETTE VOTE

### GIVES HARDING

### A LEAD OF 286

Total of 749 Votes Polled by Harding and 463 by Wood, While Hoover and Johnson Attract Few.

Democratic Vote Light, Due To No Contests — Confusion Apparent.

Complete unofficial returns from the Tuesday Presidential preference primary election in Fayette county give Harding 749 votes, Wood 463, Hoover 18 and Johnson 16. Harding polling 286 more than Wood, the total vote for the four men being 1246.

The Democratic vote was very light due to no contests.

The vote for delegates at large on the Republican ticket was:

Boyd (Wood) 445; Daugherty (Harding) 660; Galvin (Harding) 646; Herriek (Harding) 659; Turner (Wood) 452; Willis (Harding) 707. District delegates — Evans (Harding) 450; Owen (Wood) 339; Tate (Wood) 334; Wilber (Harding) 436. There was evidence that a great many voters did not thoroughly understand the ballots.

## May Depose Judges

The official returns were slow in coming in, the last Presiding Judge trailing in during Wednesday afternoon, although the law specifically provides that returns shall "forthwith" be placed in the hands of the Board of Elections.

It is hinted in this connection that a few presiding judges may be deposed on account of delay in reporting.

The vote in Fayette county, by precincts, for Republican presidential candidates, was as follows:

## Lesson in Optometry

### LESSON SEVEN.

Should a parent wait until a child complains of headaches or of his inability to see as well as other children before having his eyes examined?

No, it is the duty of a parent to remove every obstacle that interferes with his child's success, and to learn as soon as possible the condition of the eyes.

To whom should a child be taken for an examination of the eyes?

To an Optometrist.

Why should only an Optometrist be entrusted with such a duty?

Because his training and equipment enable him to detect and correct all optical deficiencies of both young and old.

Many folks are near-sighted, are they not?

Yes. Optometrists call near-sightedness "myopia." It is caused by nature building the eyes longer than they should be. This prevents seeing well in the distance. See next lesson.

### FAYETTE WAS FIRST COUNTY MAKING REPORT

Not only was Fayette county the first to report partial election returns Tuesday night but was the first in Ohio to furnish complete returns for the information of the remainder of Ohio.

This was made possible through the loyal co-operation of workers in each precinct making prompt report to The Herald.

It is the third time in as many years that Fayette county has led all others in furnishing complete election returns.

### BOWSER AND BOYER GET NO DECISION

Paul Bowser, local wrestling favorite, went ninety minutes to a draw with Joe Boyer, heavyweight, at Memorial hall in Springfield Tuesday evening. Boyer took one fall and Bowser gained a tumble and the match was declared a draw at the end of the "time limit."

Significance is attached to the fact that Saylor announced that he would match Matty Matsuda and Billy Klem with no time limit on May 4. These two men recently went two hours to a draw.

## SAFETY

## With Large Money-Making Possibilities

1. Every Investor seeks the maximum possible income on his investment; at the same time, he should not be led away by large promises, but should analyze every offering and make SAFETY the first consideration. We offer you an ideal investment opportunity in a proposition that combines SAFETY and a possibility of net earnings as high as 24 percent per annum.
2. THE FARM MORTGAGE COMPANY uses its capital exclusively for mortgage loans on improved producing farm property, one of the safest forms of investment known. The company is actively engaged in business, making loans, and can put every dollar of new capital immediately to work at very good profits. The company agrees to pay you interest at the rate of seven per cent from the date of all cash or installment payments on stock subscriptions. Such interest payment is made out of net earnings AND IS SEPARATE FROM AND IN ADDITION TO ANY DIVIDEND THAT MAY BE DECLARED ON THE STOCK. Similar companies in other parts of the country show a uniform record of success, WITH DIVIDENDS RANGING AS HIGH AS 24 PERCENT ON THE ORIGINAL INVESTMENT.
3. FARM MORTGAGE stock is all COMMON, and you thus share in all the net earnings, and not only in a part as when you buy the usual Preferred Stocks or Bonds. The stock is nontaxable in Ohio; nonassessable and is free from the Normal Federal Income Taxes.
4. Last year we organized and financed THE AMERICAN MORTGAGE COMPANY (city real estate loans exclusively), and we consistently urged our Clients and the Investing Public to buy at the initial offering of \$100 per share. AMERICAN MORTGAGE subsequently advanced to \$105 per share, and then to \$110, and the entire authorized \$1,000,000 capital was subscribed. AMERICAN MORTGAGE is now on a cash dividend basis of NINE PERCENT and will earn around 20 percent this year; it is now selling for \$110 per share. It is a splendid investment, but WE PREDICT AN EVEN GREATER SUCCESS FOR FARM MORTGAGE STOCK BECAUSE THE COMPANY HAS A WIDER FIELD OF OPERATIONS AND THERE WILL BE A QUICKER TURNOVER OF CAPITAL.
5. We advise you to get in your order at once for some FARM MORTGAGE stock, now selling at par \$100 per share, payable in cash or convenient installments. YOU ARE INVITED TO WRITE OR CALL AT OUR OFFICE FOR AN INTERESTING FREE CIRCULAR, DESCRIBING THE FARM MORTGAGE COMPANY.

## Are There Times When You'd Take Two Thin Dimes for Your Car?

And feel you'd be getting the best of the deal? No pep at the corners, no speed on the road, and you'd trade the old bus for the sleeves of a vest?

You're fed up on grief, but you sidestep the blame. You can't get performance on cheap, sluggish fuel. Better switch to the best—

## Columbus Gasoline

If you've never used Columbus, load up with a tankful and get set for a surprise.

The smooth manner in which the car throttles down in high and the way it responds to the accelerator will be a revelation.

Hills, which once seemed steep, become only landscape pimples, and you'll sprint past humbled cars that yesterday threw dust arrogantly in your face.

You'll get more mileage out of every gallon than you thought could be put into it, and more real driving joy out of every mile than you've ever experienced before.

That's why thousands of automobile owners play Columbus straight across the board.
